

# Aiming for an education or for a job?

*Are you considering a career switch, thinking about your education options - or are you generally lost when it comes to planning your future?*

*Personal job coaching either face to face, over the phone or via video calls.*

## JOB SEARCH COACHING

How to achieve the goal, we'll help you with that. Personally & listening to you - we guide you towards your own goals!

The goal of coaching is to support you in finding the best employment or education options that fit your goals.

Together we will map out your options and areas of interest. You tell us the way, and we guide you forward!

We'll help you create your own CV, as well as with job and application process.

We've helped thousands of customers in the area to reach their goals, whether it be about jobs, education or something different altogether.

We have a wide network of different recruiting agencies, companies, education providers - this network will be in your reach when you apply for the coaching.

**To apply for job search coaching, contact the TE office in South West of Finland either by phone (0295 025 500) or by contacting your own clerk.**

**You can also get in contact with the TE office through their own internet portal, "E-services"**
